

Running for over ten years!!

# The Neurology Update for the Psychiatrist

**Places limited**  
Book on ☎ 020 3236 0810  
or visit [www.infomedltd.co.uk](http://www.infomedltd.co.uk)

This *unique* course is organised by **Infomed** Research and Training, on **Friday 8 March 2019**, at the Park Plaza County Hall Hotel, 1 Addington Street, London SE1 7RY

Not at the ULL, 33 Finsbury Square, London EC2A 4AG as originally advertised

## Programme Advisor

**Dr Paul Shotbolt**,  
Consultant Neuropsychiatrist, Maudsley Hospital, London

## About this Course

- This course is aimed at **Consultants, senior STs and SASGs in Psychiatry**
- The **course has been reviewed** in the light of the evaluation and suggestions of attendees at previous Updates
- A **practical focus** on the assessment and management of **difficult medical neurological disorders relevant to Psychiatric practice**
- **Lectures by leading Neurologists**
- **Four Discussion Forums** for practical discussion of grey cases in Psychiatric practice, involving the neurological topics addressed in the lectures – in depth analysis of real cases

## What attendees have said about the Updates

- *Very good reminder of the forgotten knowledge, through lectures and case scenarios at the forums!*
- *Excellent speakers, dynamic, knowledgeable and clear*
- *Lots of time for discussion and fantastic up to date info*
- *I came after positive feedback from colleagues*
- *Well planned and organised – discussion forums are a great idea*
- *I will have greater confidence in consulting and referring*
- *Course well structured – clinical relevance and clarity*
- *A Psychiatrist for 10 years and never had such good medical update*
- *All Psychiatrists should attend these Updates to refresh medical knowledge*

## The Faculty

Consultants with a proven track record in the dissemination of medical know-how to front-line Clinicians, including:

- **Dr Giles Elrington**, Consultant Neurologist, Oaks Hospital
- **Dr Andrea Cavanna**, Consultant in Behavioural Neurology, Birmingham and Solihull Mental Health Foundation Trust
- **Dr Robert Elwes**, Consultant Neurologist and Neurophysiologist, King's College Hospital, London
- **Dr Naga Kandasamy**, Consultant Neuroradiologist, King's College Hospital, London
- **Dr Ivana Rosenzweig**, Consultant Neuropsychiatrist, Institute of Psychiatry, London

## Programme

This is a **practical Course** with **Lectures** and **Discussion Forums** on the management of the **more difficult neurological conditions** that you encounter in your day-to-day practice.

- 08.30 – 09.35      **Registration**
- 09.35 – 09.50      **Welcome and introduction by Chair**
- 09.50 – 10.40  
**Neurological Examination and Investigations in Psychiatric Settings**

**Dr Giles Elrington**,  
Consultant Neurologist, Oaks Hospital

- A good Neurological examination – what does it involve?
- Dementia investigations
- Autoimmune encephalitis
- Assessment of common neurological conditions, such as dizziness and neuropathy

- 10.40 – 11.20  
**EEG, Epilepsy and Anticonvulsants**

**Dr Robert Elwes**,  
Consultant Neurologist and Neurophysiologist,  
King's College Hospital, London

- Epilepsy – investigation, diagnosis and management
- Neuropsychiatric consequences of epilepsy
- Anticonvulsants
- Guide to the EEG
- Cognitive problems

- 11.20 – 11.50      **Tea and coffee break**

- 11.50 – 13.20  
**TWO DISCUSSION FORUMS**

**Delegates split into two groups** and attend each of the two Forums in turn. Each Forum involves practical discussion of grey cases in Psychiatric practice, involving the topics addressed in the morning lectures – in depth analysis leading to **what should the Psychiatrist do next?**

## Neurological Examination and Investigations

Facilitated by **Dr Giles Elrington**,  
Consultant Neurologist, Oaks Hospital

## EEG, Epilepsy and Neuropsychiatry

Facilitated by **Dr Robert Elwes**, Consultant Neurologist and Neurophysiologist, King's College, London

**6 CPD Points – Certificate of Attendance**

13.20 – 14.10 **Lunch**

14.10 – 14.50

## Neuro-imaging in Psychiatry

**Dr Naga Kandasamy**,  
Consultant Neuroradiologist,  
King's College Hospital, London

- Different kinds of imaging available, CT, MRI, etc.
- What images to order and when?
- Excluding neurological causes – is it psychiatric or neurological?
- Tumours, dementia and other detectable conditions
- Understanding the report, MRI sequences & their usefulness.

14.50 – 15.30

## Movement Disorders and Demyelination Disorders

**Dr Andrea Cavanna**,  
Consultant in Behavioural Neurology,  
Birmingham and Solihull Mental Health Foundation Trust

- Assessment of movement disorders, tremors
- Parkinson's Disease - diagnosis and management
- What you need to know about ant basal ganglia antibodies
- Drug induced movement disorders – assessment and management
